Administration

The Public Employees Benefits Agency has established a fund pursuant to *The Financial Administration Act, 1993* for the purpose of providing benefits under the Plan. An Advisory Committee is responsible for the management and investment of the Fund. The Advisory Committee consists of five representatives as nominated by the Saskatchewan Public Service Commission and appointed by Minister's Order.

The Plan pays a premium subsidy to Group Medical Services who provide insured extended health coverage to eligible retirees. The Plan's risk is limited to the payment of monthly premium subsidy as follows under the two year contract effective January 1, 2014:

Single	$14.70	per month
Couple	$29.40	per month
Family	$36.75	per month

Funding

For the period January 1, 2002 to December 31, 2002, the General Revenue Fund (GRF), on behalf of the Plan, paid premium subsidies to Group Medical Services. The amount paid from the General Revenue Fund was recorded as due to GRF and was repayable with interest.

This amount was repaid in 2003. Effective July 1, 2003 funding for the Plan became employer paid at a rate of 0.25 per cent of straight time annual payroll.

Benefits

A retiree is eligible for benefits immediately following retirement. Claims are paid on behalf of eligible family members and covers certain health and vision care benefits.

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

I have audited the accompanying financial statements of the Extended Health Care Plan for Certain Other Retired Employees, which comprise the statement of financial position as at December 31, 2015, the statement of operations and change in net assets and accumulated surplus, and the statement of cash flow for the year ended December 31, 2015, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Extended Health Care Plan for Certain Other Retired Employees as at December 31, 2015, and the results of its operations, its changes in net assets and its cash flows for the year ended December 31, 2015 in accordance with Canadian public sector accounting standards.

Extended Health Care Plan For Certain Other Retired Employees
Notes to the Financial Statements

December 31, 2015

1. Description of the Plan

The Extended Health Care Plan for Certain Other Retired Employees (Plan) was established on January 15, 2002 pursuant to subsection 64(2) of *The Financial Administration Act, 1993*. The Plan provides extended health care benefits to eligible out-of-scope retired employees of the Government of Saskatchewan.

The Government, through the Minister of Finance, has entered into an agreement with an insurance company to provide eligible retirees with extended health coverage. The retirees are responsible to pay the insurance company the premiums set out in the agreement less a premium subsidy which is paid by the Plan. The Plan's risk is limited to the payment of a monthly premium subsidy to the insurance company for eligible retirees. The monthly premium subsidy for the year was $14.70 for a single policy, $29.40 for a couple policy and $36.75 for a family policy.

The Plan is funded by employers, whose participation in the Plan has been approved by the Lieutenant Governor in Council. Funding for the Plan commenced July 1, 2003. The Minister of Finance approved a contribution rate of 0.25 per cent of the regular pay of current out-of-scope employees.

The Public Employees Benefits Agency (PEBA) manages the Plan under direction from the Advisory Committee. The Advisory Committee is made up of employers' representatives appointed by Minister's Order.

2. Significant Accounting Policies

These financial statements are prepared in accordance with Canadian public sector accounting standards. These statements do not present a Statement of Remeasurement Gains and Losses as the Plan has no remeasurement gains or losses. The following accounting policies are considered significant:

a) Employer contributions

Contribution billings are done at the end of each month. Contributions are recognized as revenue when due.

b) Interest Revenue

Interest is recognized as income when earned.

c) Financial Instruments

The Canadian Public Sector Accounting Handbook, Section 3450 establishes standards for recognizing and measuring financial assets and financial liabilities. The measurement basis depends on whether the financial assets or liabilities have been categorized in one of two measurement categories: fair value, or cost or amortized cost.

The Plan's financial assets include due from the General Revenue Fund, employer contributions receivable and other receivables. The Plan's financial liabilities include accounts payable and accrued liabilities. The Plan has categorized and measured all its financial assets and financial liabilities at cost.

3. Due from General Revenue Fund

The Plan's bank account is included in the Consolidated Offset Bank Concentration arrangement for the Government of Saskatchewan. The Plan's earned interest is calculated and paid by the General Revenue Fund on a quarterly basis into the Plan's bank account using the Government's thirty day borrowing rate, and the Plan's average daily bank account balance. The Government's average thirty day borrowing rate in 2015 was 0.65 per cent (2014 – 0.96 per cent).

4. Financial Risk Management

The nature of the Plan's operations results in a statement of financial position that consists primarily of financial instruments. The risk that arises from financial instruments is credit risk. The Plan is not exposed to market risk or liquidity risk as it does not hold any investments.

Credit risk

Credit risk is the risk that one party does not pay funds owed to another party. The Plan's credit risk arises primarily from the following distinct sources:

	2015	2014
Due from General Revenue Fund	$4,650,396	$4,214,674
Employer contributions receivable	50,310	49,196
Other Receivables	5,944	10,005

The maximum credit risk to which the Plan is exposed is limited to the carrying value of the financial assets summarized above.

The Plan is exposed to minimal credit risk from the potential non-payment of employer contributions and other receivables as these are receivables from government agencies and were collected shortly after year end. . The Due from General Revenue Fund account is minimal risk as the funds are held in the Plan's own bank account under the Consolidated Offset Bank arrangement for the Government of Saskatchewan. There has been no change in the risk exposure in 2015.

5. Related Party Transactions

Included in these financial statements are transactions with various Saskatchewan Crown corporations, ministries, agencies, boards and commissions related to the Plan by virtue of common control or significant influence by the Government of Saskatchewan (collectively referred to as "related parties"). Related party transactions with the Plan are in the normal course of operations and are recorded at the agreed upon exchange amounts charged by these organizations.

All employer contributions and employer contributions receivable are from related parties. Also, in 2015, PEBA charged the Plan $41,365 (2014 – $22,333) for administration expenses. Included in accounts payable and accrued liabilities is $16,775 (2014 - $3,006) due to PEBA.

Other transactions with related parties and amounts due to/from them are described separately in the financial statements and notes thereto.

6. Budget

PEBA prepares the budget for approval by the Advisory Committee. The budget was approved on December 8, 2014.
